West Seattle Station Areas

Tuesday, June 22 | 6 PM - 8:30 PM

West Seattle High School

Cafeteria

3000 California Avenue SW

Integrating the Monorail

City of Seattle

Help integrate the monorail into your neighborhood!

Join the City of Seattle for the second round of City workshops on station area planning where we will discuss how best to integrate the monorail into Seattle's urban and neighborhood fabric. Based on feedback we received from our first round of workshops last December, January & February, we will present for your review and discussion, visions for the future monorail station areas. We will also discuss potential tools by which a community might achieve these visions.

Come learn more about the City's role in the Monorail Green Line project and let City staff know your thoughts on the visions for the station areas. The purpose of these meetings is to elicit feedback from **you**. We encourage you to attend one or more of the workshops noted on this flyer.

Based on your feedback, Station Area Action Plans will be prepared and presented to the community for discussion in the fall of 2004, prior to finalizing the plans by the end of this year. These action plans will formalize the community's vision goals for each station area and the recommended policy and investment options to realize that vision.

For more information, visit our website at www.seattle.gov/monorail.

While you are there, add your name to our mailing list so you can be notified of upcoming meetings.

If you have any questions regarding these workshops, contact Vanessa Murdock at **206-733-9271** or vanessa.murdock@seattle.gov
